

## CFI Open Forum - Open to All Pilots

At this open forum, we will discuss and review instructional strategies to help prevent loss of control (LOC). This interactive presentation also leads the participants in a discussion of best practices for developing evaluation scenarios and how to instruct students to comprehend the risks and hazards that can lead to LOC. It allows FAASTeam Program Managers and designated FAASTeam Representatives together with CFIs and DPEs to discuss the importance and safety benefits of teaching loss of control. Flight Instructors, Ground Instructors, Designated Pilot Examiners, and Instructors in training are welcome and encouraged to attend. Click the link below and register TODAY.

**Directions:** The meeting will be held in the Moore County Airport terminal building.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
